

To Optimal Imaging Patients,

Optimal Imaging is aware of the concerns surrounding COVID-19 (coronavirus), and we are taking all necessary precautions to ensure the health and safety of our community, patients and staff. During this time, we remain committed to providing high-quality care, while balancing our role in preventing the spread of disease and illness. In the interest of patient and staff health and to minimize the risk of unnecessary exposure, we are consolidating care to select locations until further notice.

To accomplish this, we are **temporarily suspending services at our Milestone location**. Our Tiger Point and Perdido locations will remain OPEN at this time.

Again, our priority is and has always been caring for our patients, and we will continue to make decisions that prioritize the health and safety of our patients, staff and community. For our patients, we recommend following the Centers for Disease Control's (CDC) guidelines and hygiene practices. To find out more about COVID-19 and review recommended guidelines, please [visit the CDC website](#).

Sincerely,

Optimal Imaging
